Introduction4

We haven't kicked off the book with something borrowed, old, new or even blue, but there are interesting pictures and reading inside.

Dedication10

Meet the man of Rocks unlimited, the '78 man of the year-book.

Curriculum12

From the Bottom of THE HILL
To the top of the Hall we present
The establishment of A.L. Brown High.

The Class Section38

We changed a little this year and saved the best for last, but does that mean we put the worst first?
We don't think so but you be the judge and don't miss the color section!

Denny Oxendine, Sports
Keith Hardin, Underclassmen

The photo on the Front is by Franklin Furr of the *Concord Tribune*. The picture illustrates this year's theme of Celebration — in special observance of A.L. Brown's twenty-fifth year.
Paul Settlemyer, Editor Bass H. Oxendine, Adviser
Douglas Young, Editor

*Clubs and Organizations120

Boy, this is one big section, some 46 pages concerning Student Government, the assistants, Chorus, Band and of course our own Indy-500 — the Bus Drivers.

Sports174

In the first year of 4-A conference play the Wonders didn't make the Championship, but we weren't in the cellar either! That's a nice trophy, wrestling team. Good Work! 2nd in the toughest conference in the State! Get the rest of the story inside.

Merit210

If it made the front page, and even if it didn't it's in the honors section. The DAR, AFS, SPEC, and the AFLCIO — yes, they are all there.

Our world is as varied as the faces that grace it. For everyone there is that special place where we belong. Half the fun is finding it; the other is the way we go about our goal: the Dance of Life.

Eric

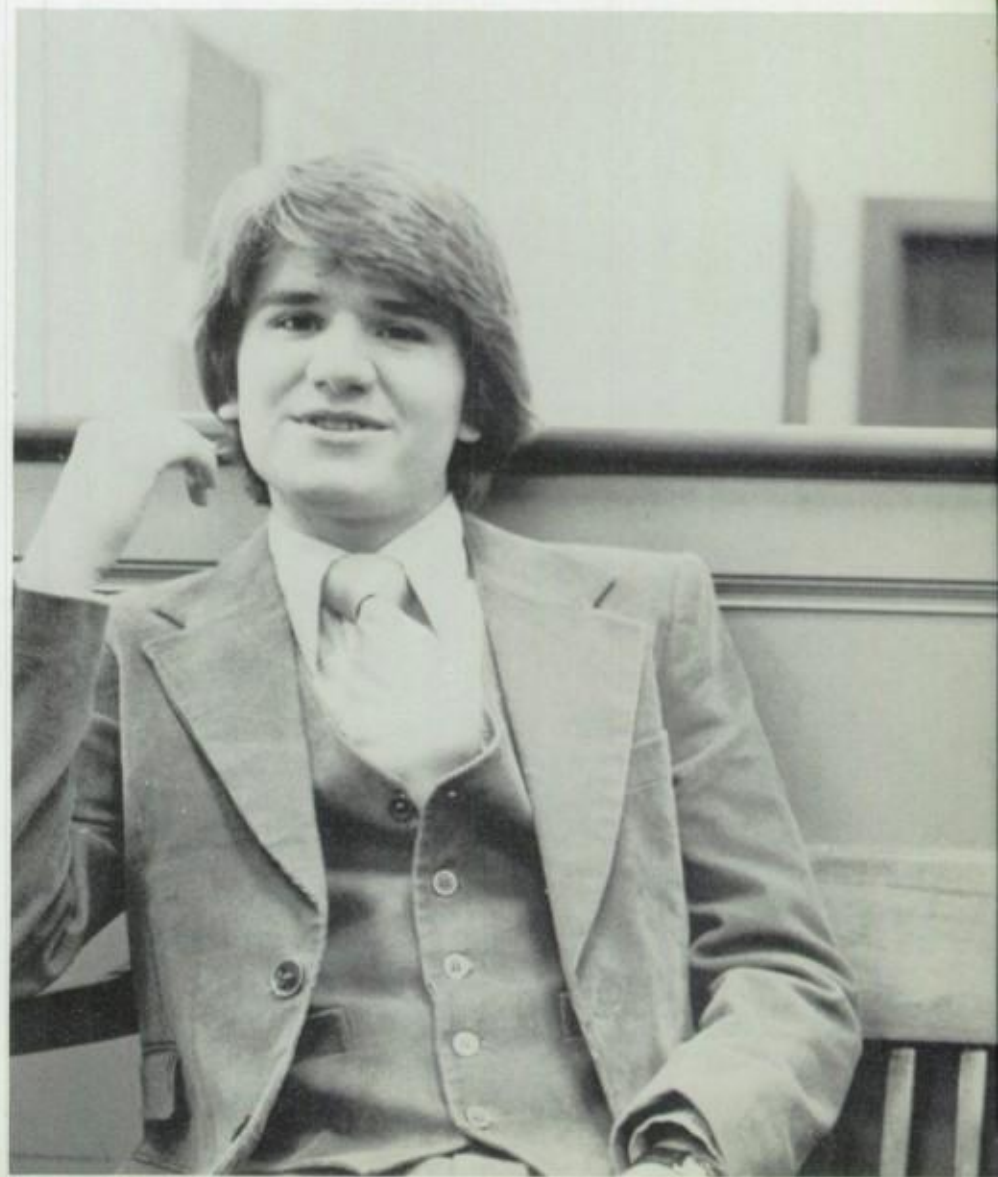

So, when it comes your time to perform, do your best, because it might be your last chance.

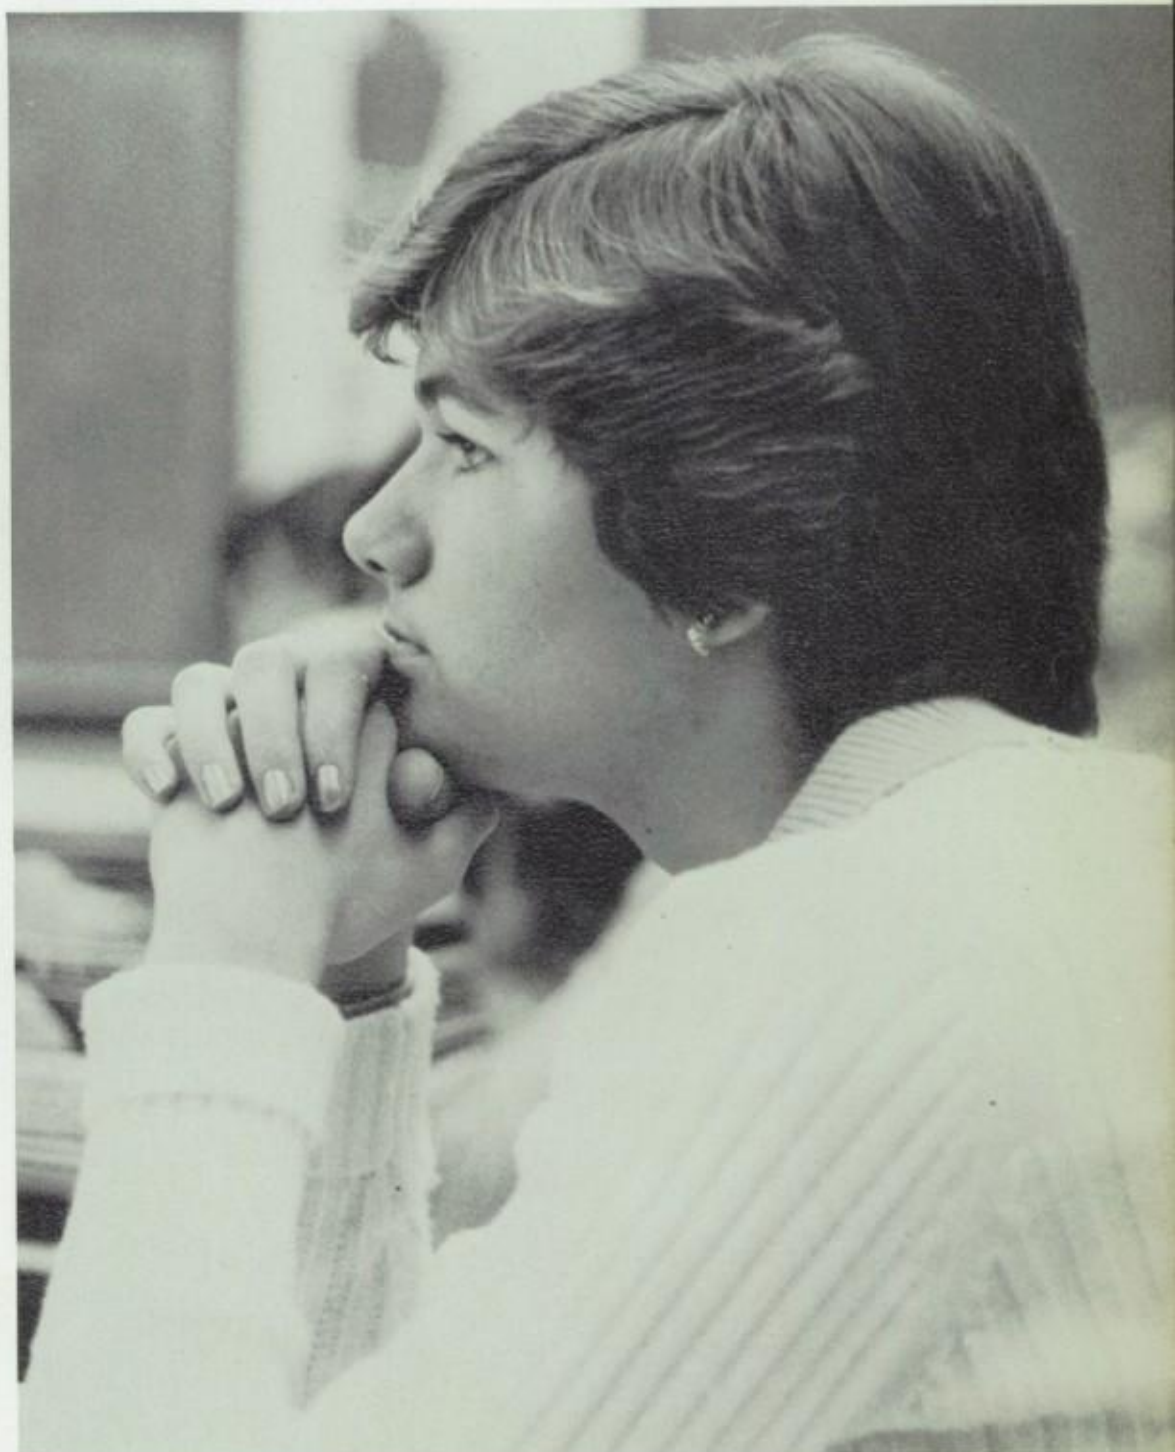

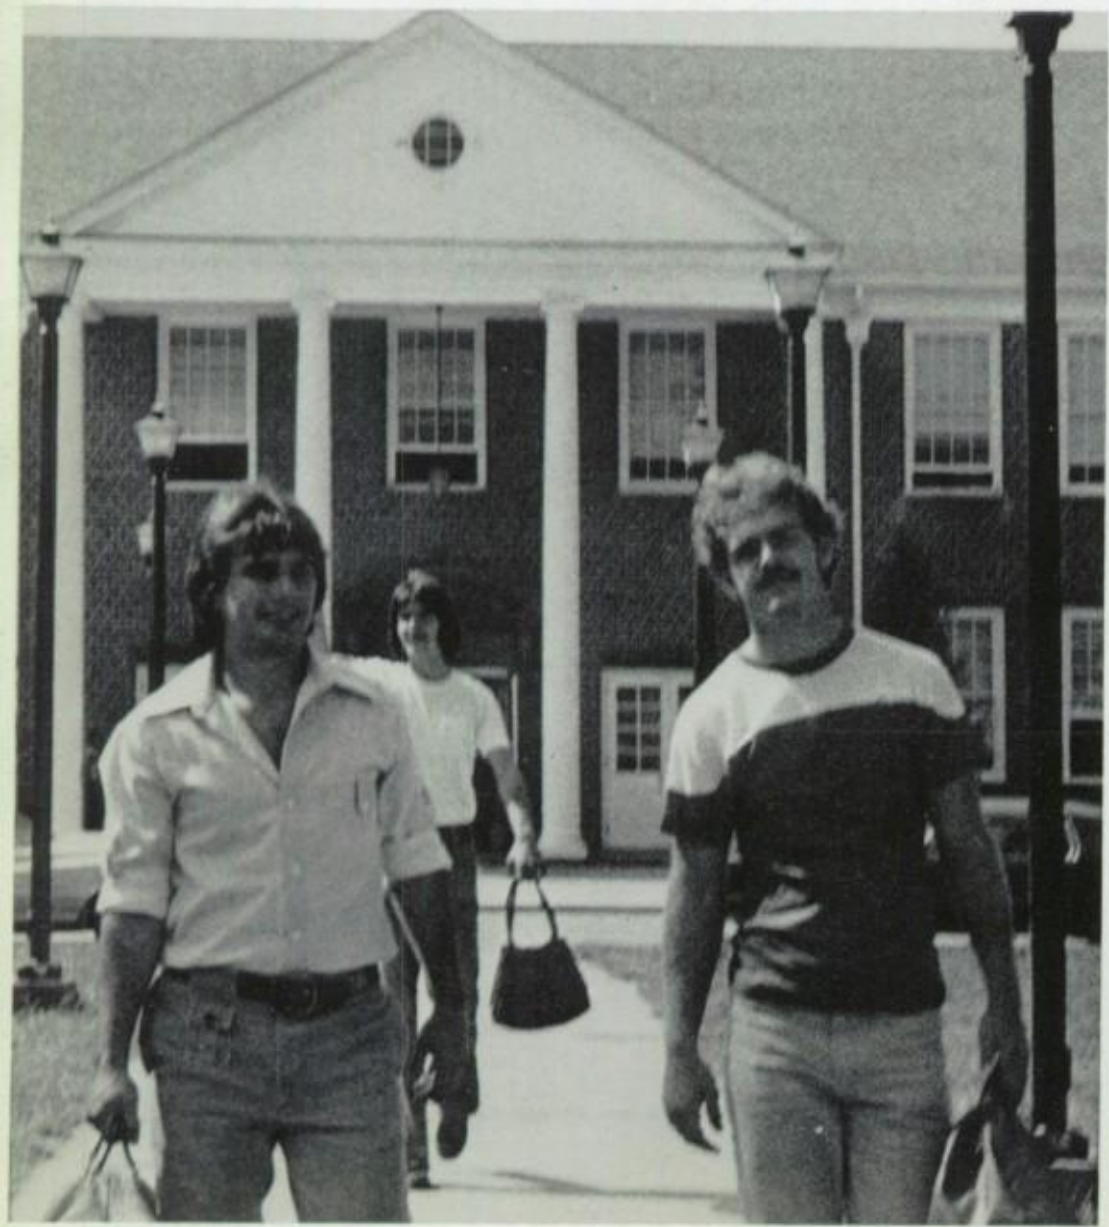

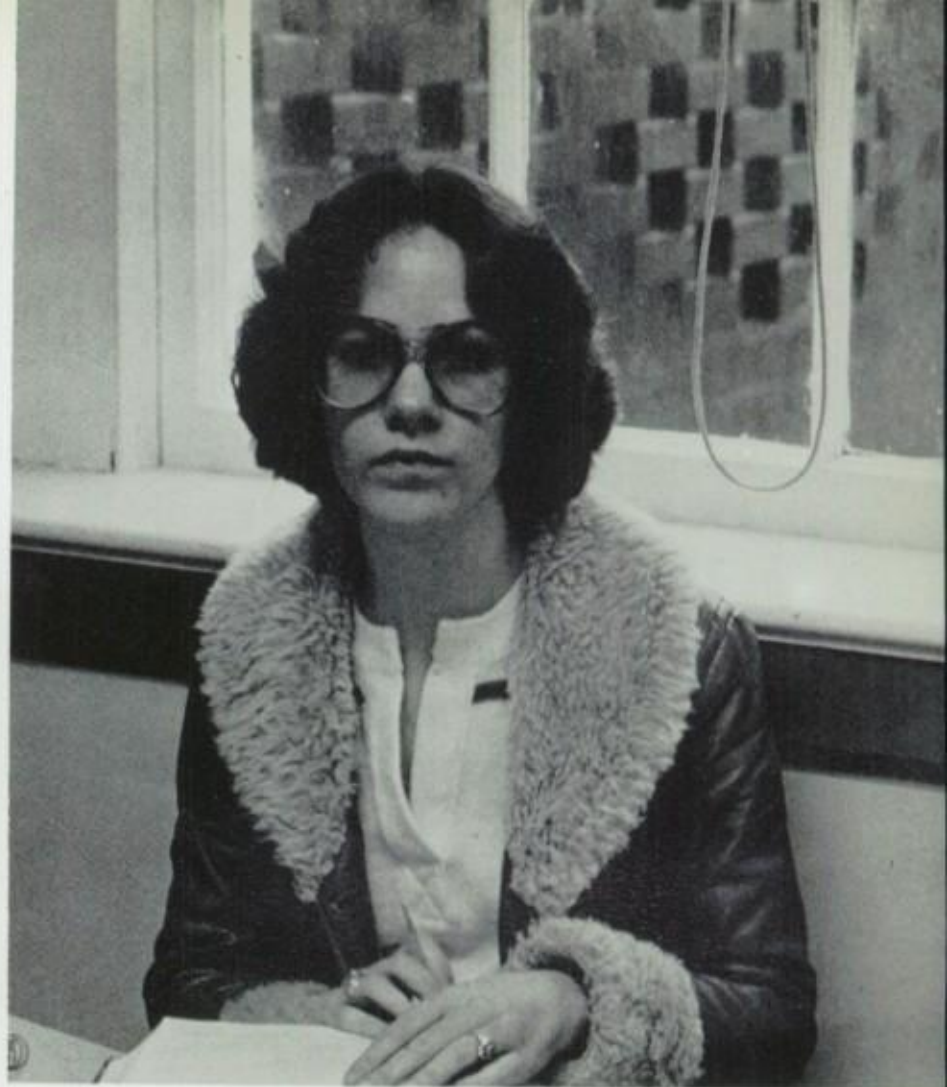

Our theme this year is Celebration: of Life, living or really just anything that calls for remembrance.

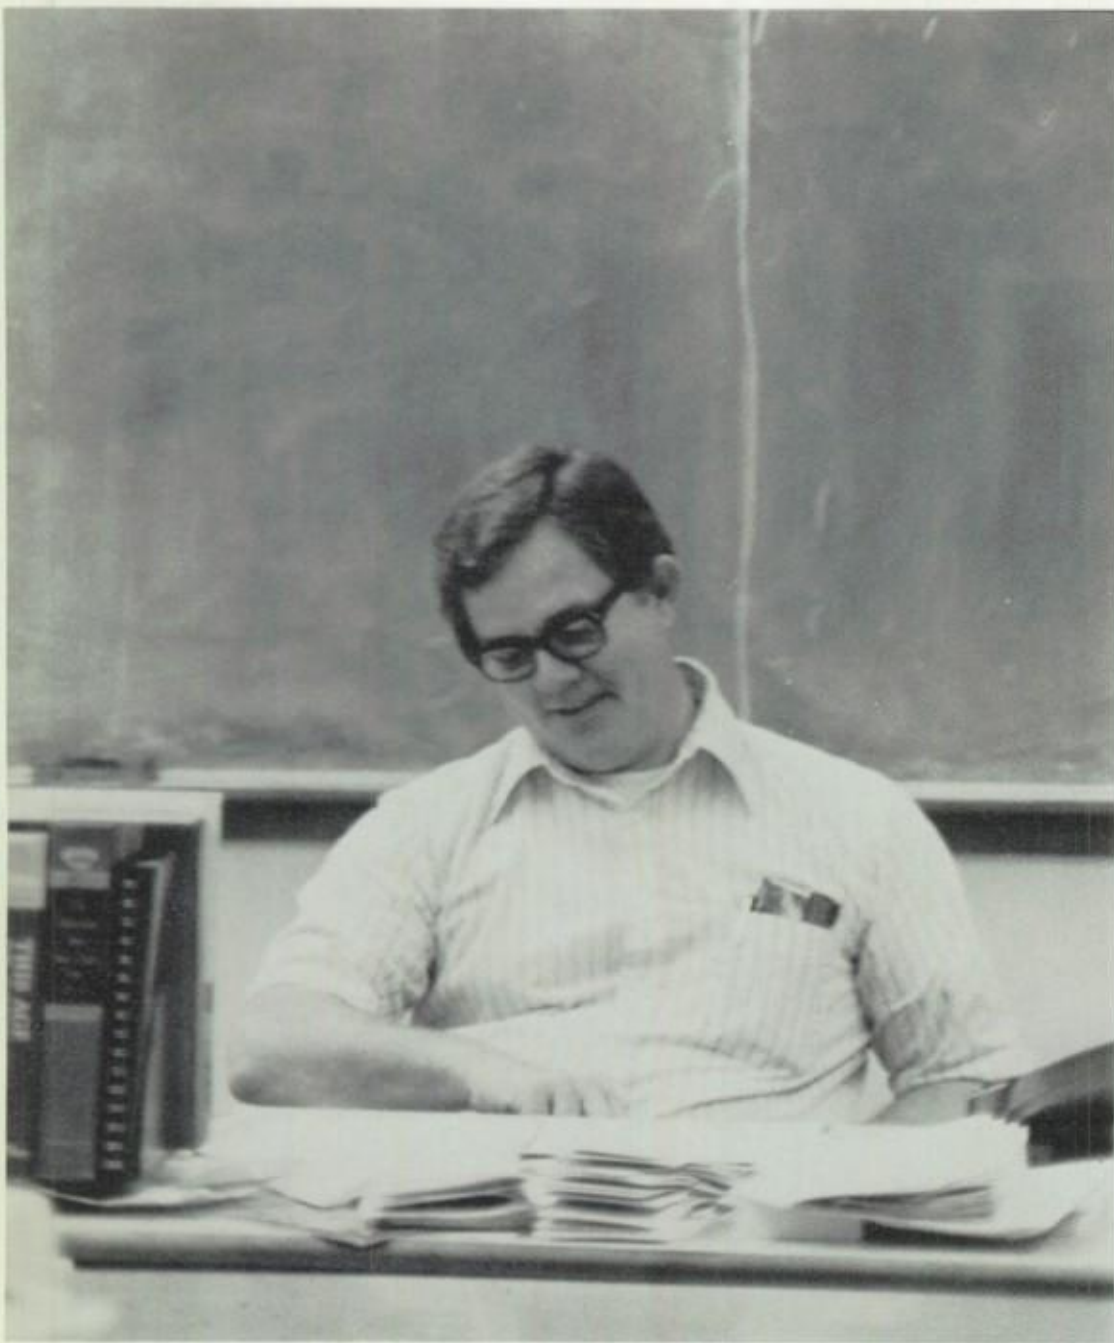

Twenty-five years of memories come tumbling forth out of the past — our parents' and our own — and we celebrate our growing up.

SENIORS

Someone once said about Mr. Chandler, "He is a man with a lot of character." These feelings were echoed by the senior class when dedicating the 1978 Albroman to Max F. Chandler.

Behind the quiet, solemn exterior of this teacher there lie concern, laughter, and wisdom. As grains of sand form stone, these qualities shape a unique man, a representative of A.L. Brown High School's product — an alumnus.

ACADEMICS

Books have shaped and changed our world for better and for worse; moreover, they are a mirror — reflecting man's thoughts of his world, God, life, and death on paper.

A book contains more than a man's thoughts — it retains his soul. But a book is not our only teacher. We shall recall forever the great minds and souls of our dedicated human teachers. They have opened the books and pointed the ways to which we now aspire.

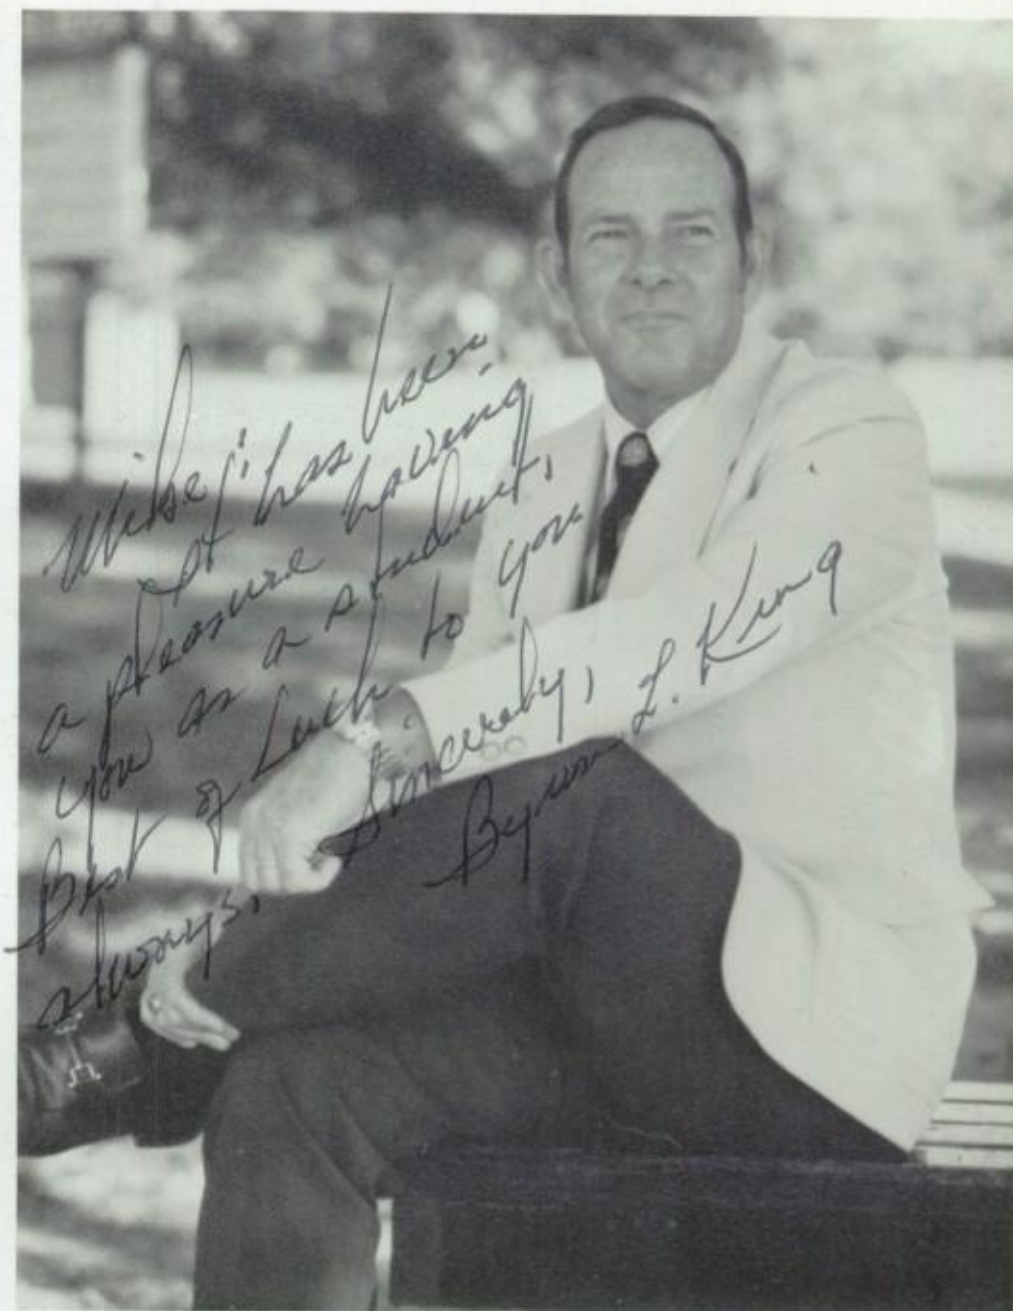

ADMINISTRATION

With every school year come decisions to be faced by school administration. '77-'78 proved to be no different, but somehow Dr. Bradshaw, Dr. Macon and other officials have kept the system running smoothly. Working in accord with Mr. Byron King, principal at A.L. Brown, were Mr. Elmer Poole and Mr. Harrison Swander, Assistant principals. Students heard requests for less noise in hallways and were asked to avoid certain areas on campus, but overall there were minimal problems.

SPOTLIGHT ON DRAMA

Talented drama students began the year with a presentation of *Ed Opus*, a play based on the classic by Socrates, *Oedipus Rex*. Presented to English classes at Brown, the story brought a laugh a line as it presented the general story of the original in the setting of the fifties.

Throughout the year, skits were presented to interested groups and plans were made for a play to be presented in April, a children's drama in the tradition of "The Lion Who Wouldn't" and "The Velveteen Rabbit," earlier highly successful productions. As the eager students put Old King Cole and his friends through the paces, they learned much in the areas of acting, staging, and special effects.

The class has been taught by Mr. Jim A. Rodgers, who this year was named North Carolina English Teacher of the Year. Assisting him with the class has been Mr. Delbert Hall, an alumnus of A.L. Brown High.

EXPANDING MIND AND SPIRIT . . .

The year 1977-'78 brought new trends at A.L. Brown High School. Among these was the relocating of the TMR class of older students to Brown. Also, special emphasis was placed on competency this year, an emphasis in keeping with educational efforts throughout the state and nation. Working with students at Brown High was the CETA team of Mrs. Keck, Mrs. Coffey, and Mrs. Gordon. Every day in countless ways, students at A.L. Brown added to their knowledge and broadened their perspectives, fulfilling the highest aim of the public schools — to educate the total person.

CLASSES

The three classes sophomore, junior, and senior — Each is at a certain stage in school and life. The sophomore is put down so he can climb even higher. The junior is caught in the middle having to make choices and set goals for his hopeful future.

The Senior has weathered the first storm — one of many to come. More is expected of him than he can sometimes deliver, but he is one who can accept the good and the bad with the same face — and knows that, no matter what, being a graduate of A.L. Brown is something to shout about!

SOPHOMORE CLASS

The youngest of classes trying to prove themselves, the sophomore class, the class of 1980, discovered what A.L. Brown is all about — embarking on new adventures, seeing new faces, and finding out what being a student at Brown is — becoming at home in the world of senior high.

JUNIOR CLASS

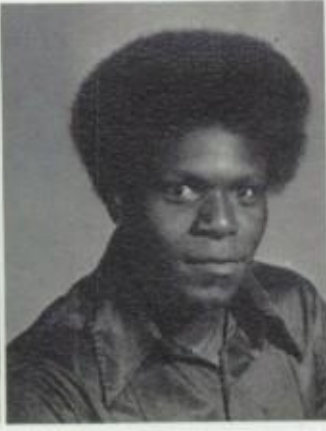

We the Junior Class learned to enjoy and appreciate the closer relationship within a high school, assuming the responsibilities of the PSAT and SAT. The Juniors were taking time to look behind at their Sophomore year and look forward to their Senior year. They visited Washington, ordered class rings, and became involved in school activities.

Being a Junior is being the middle child . . .

Too old to have our ignorance excused . . .
Too young to demand Senior respect . . .

Often the world of work and college days seem to exist in some far-off Never-Never land . . .

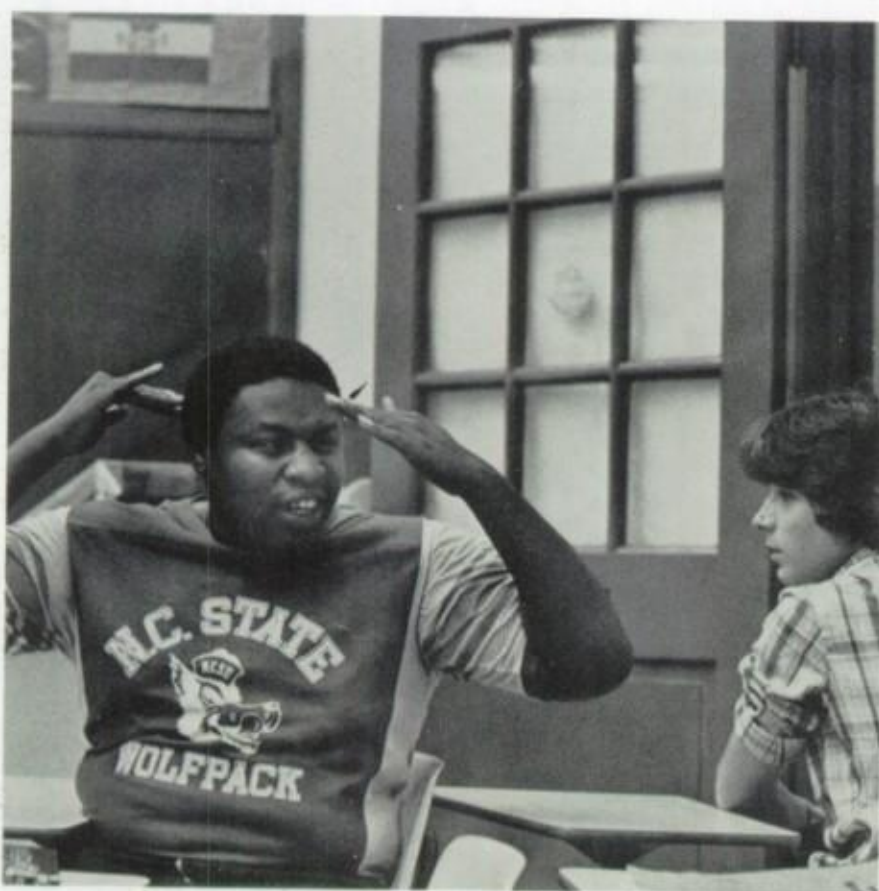

And to reach it we must fly through space . . .

But we are on the move and we know that we can make it . . . if we try!

OUR SENIOR

In the fall of 1974 we came together as a class, and our band played with spirit our principal's favorite, "Raindrops Keep Falling on My Head." We have endured the rains, felt the warm sunshine, and now, as the *Class of '78*, we behold the rainbow's promise.

in WONDERLAND

October was a very busy Month for Donna Ritchie and April Flowe, who worked as co-chairman for the 1977 Homecoming festivities. With a little magic, a special appearance was made by the mad Hatter and the Queen of Hearts; and, as usual, the freaky rabbit arrived late. Chosen by the Student Body, Christal Whittington was crowned Alice in our "Wonderland."

Brown Beat staff is composed of students who learn the ways of journalism and the way to put together a newspaper. They highlight special events, such as an issue for the Concord game, Christmas, and Valentine's Day. They manage their own accounts and look for the proper story space, not to mention writing columns and editorials.

Quill and Scroll is an honor society for staffers from *Albrokan* and *Brown Beat* who excel. They are journalism students who express themselves through their work. This is a special club for creating interest in journalism and scholarship.

Sub-Jrs

Girls of the Sub-Junior Club attended a Jamboree in the summer and had a Halloween Festival which included a yard, craft, or bake sale. They prepared the teachers a luncheon, visited a rest home, and sold Spook Insurance from which the proceeds went to Girls Haven. They also prepared a sign for each home football game for the players to run through.

HOSA is made up of students interested in exploring opportunities in health fields. The goal of the club is to carry out the state theme which is helping others through service and action. They made Halloween bags for teachers, prepared fruit baskets for lounges and distributed Christmas cards at Cabarrus Nursing Center. They have also held bake sales for the Empty Stocking and Heart Fund. They have called people to donate blood for the bloodmobile, and raised money for Easter Seals. These are only a few of the projects this club has carried out.

Wrestling '78 proved to be a great year at Brown. With tri-captains Kenny Patterson, Casey Litaker, and Clifford White showing their talents the team set several new records. Also, it won the first tournament ever at Brown. We produced three Conference Champions — Kenny, Casey, and Ernie Safrit plus eight All-Conference wrestlers. With coaches like Ron Byerly and Mike Lambeth leading the way, our wrestlers truly became a winning team.

STRIDING...

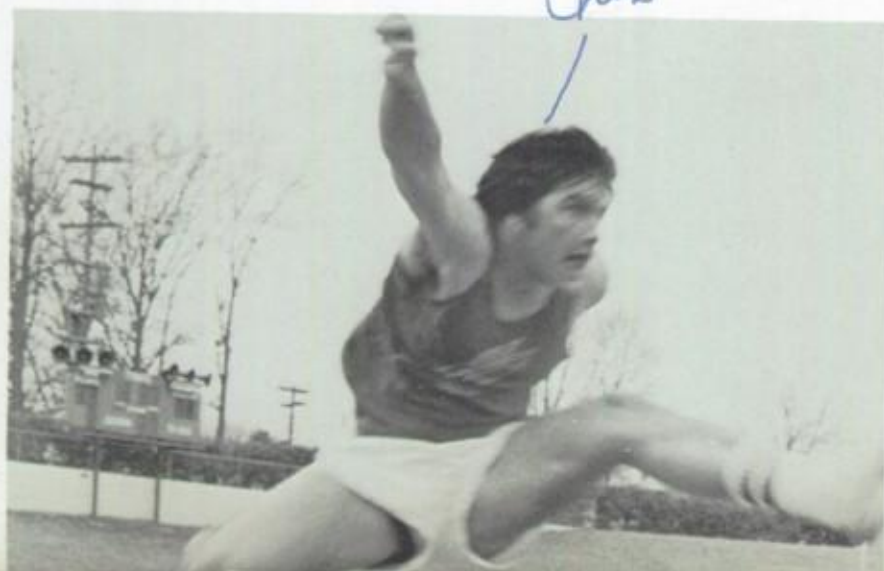

Seeking their second straight championship, the girls' track team has worked very hard and their success has proved them to be real competition.

VAULTING

The first few weeks of track are always the roughest! Running cross-country, building up your wind and conditioning yourself for a better time or jump. In the end it all pays off because you've reached your ultimate goal, . . . a school record or maybe an advancement to the state finals! Sparked by conference standout Mike Gibson, the team has enjoyed success.

SOLO STARDOM

When one thinks of sports, he most often sees football or baseball or some other team sport. There are those, however, who think first of individual sports, and it is these sports which are usually carried into adult life.

Students at A.L. Brown engage in many solo sports, some of them stars in their own right. Skating is a longtime favorite of sophomore Kyle Moon, who has won many trophies and awards in both speed skating and dance skating. Other students, like junior Mike Foil, have taken up skateboarding with some degree of success. With summer just around the corner, swimming and water skiing will emerge. Happy sporting to those who dare to do!

GIRLS AT BROWN...

The sports world for today's female is becoming more exciting year after year. Sports teach a valuable lesson in teamwork and show the ability one has to work with others toward a common goal. Girls are coming out in sports, striving for perfection and getting one step closer each time.

At least five girls at A.L. Brown have excelled in conference competition in two sports — basketball and tennis. Misher Cherry and Teresa Barnes say they have enjoyed playing basketball. They feel the competition is much harder in 4-A, but it makes them strive harder to win. While participating in tennis during high school, Kim Allman, Mindy Reese, and Carie Nunn have met many challenges and plan to continue playing tennis throughout their lives for physical fitness. When asked about girls' participation in sports, and especially at A.L. Brown, basketball coach Jim Tedder felt that girls should drop the image of "losers". He thinks winning isn't everything; it is team participation that counts.

Tennis coach Darlene Perkins, a former Brown High athlete, feels that our girls' sports program has really expanded in the past few years. She thinks we have one of the better programs in high school.

Athletic director Bob Boswell commented on the fact that girls should take advantage of our sports activities and get involved. Boswell expressed that it is terrible to have capable girls walking around campus failing to get into the program. He feels there should be as much enthusiasm about girls' sports as there is about boys'.

Misher Cherry and Teresa Barnes discuss with Coach Jim Tedder the competition in 4-A conference.

Kim Allman, Mindy Reese, and Carie Nunn converse with Coach Darlene Perkins.

ATTAIN

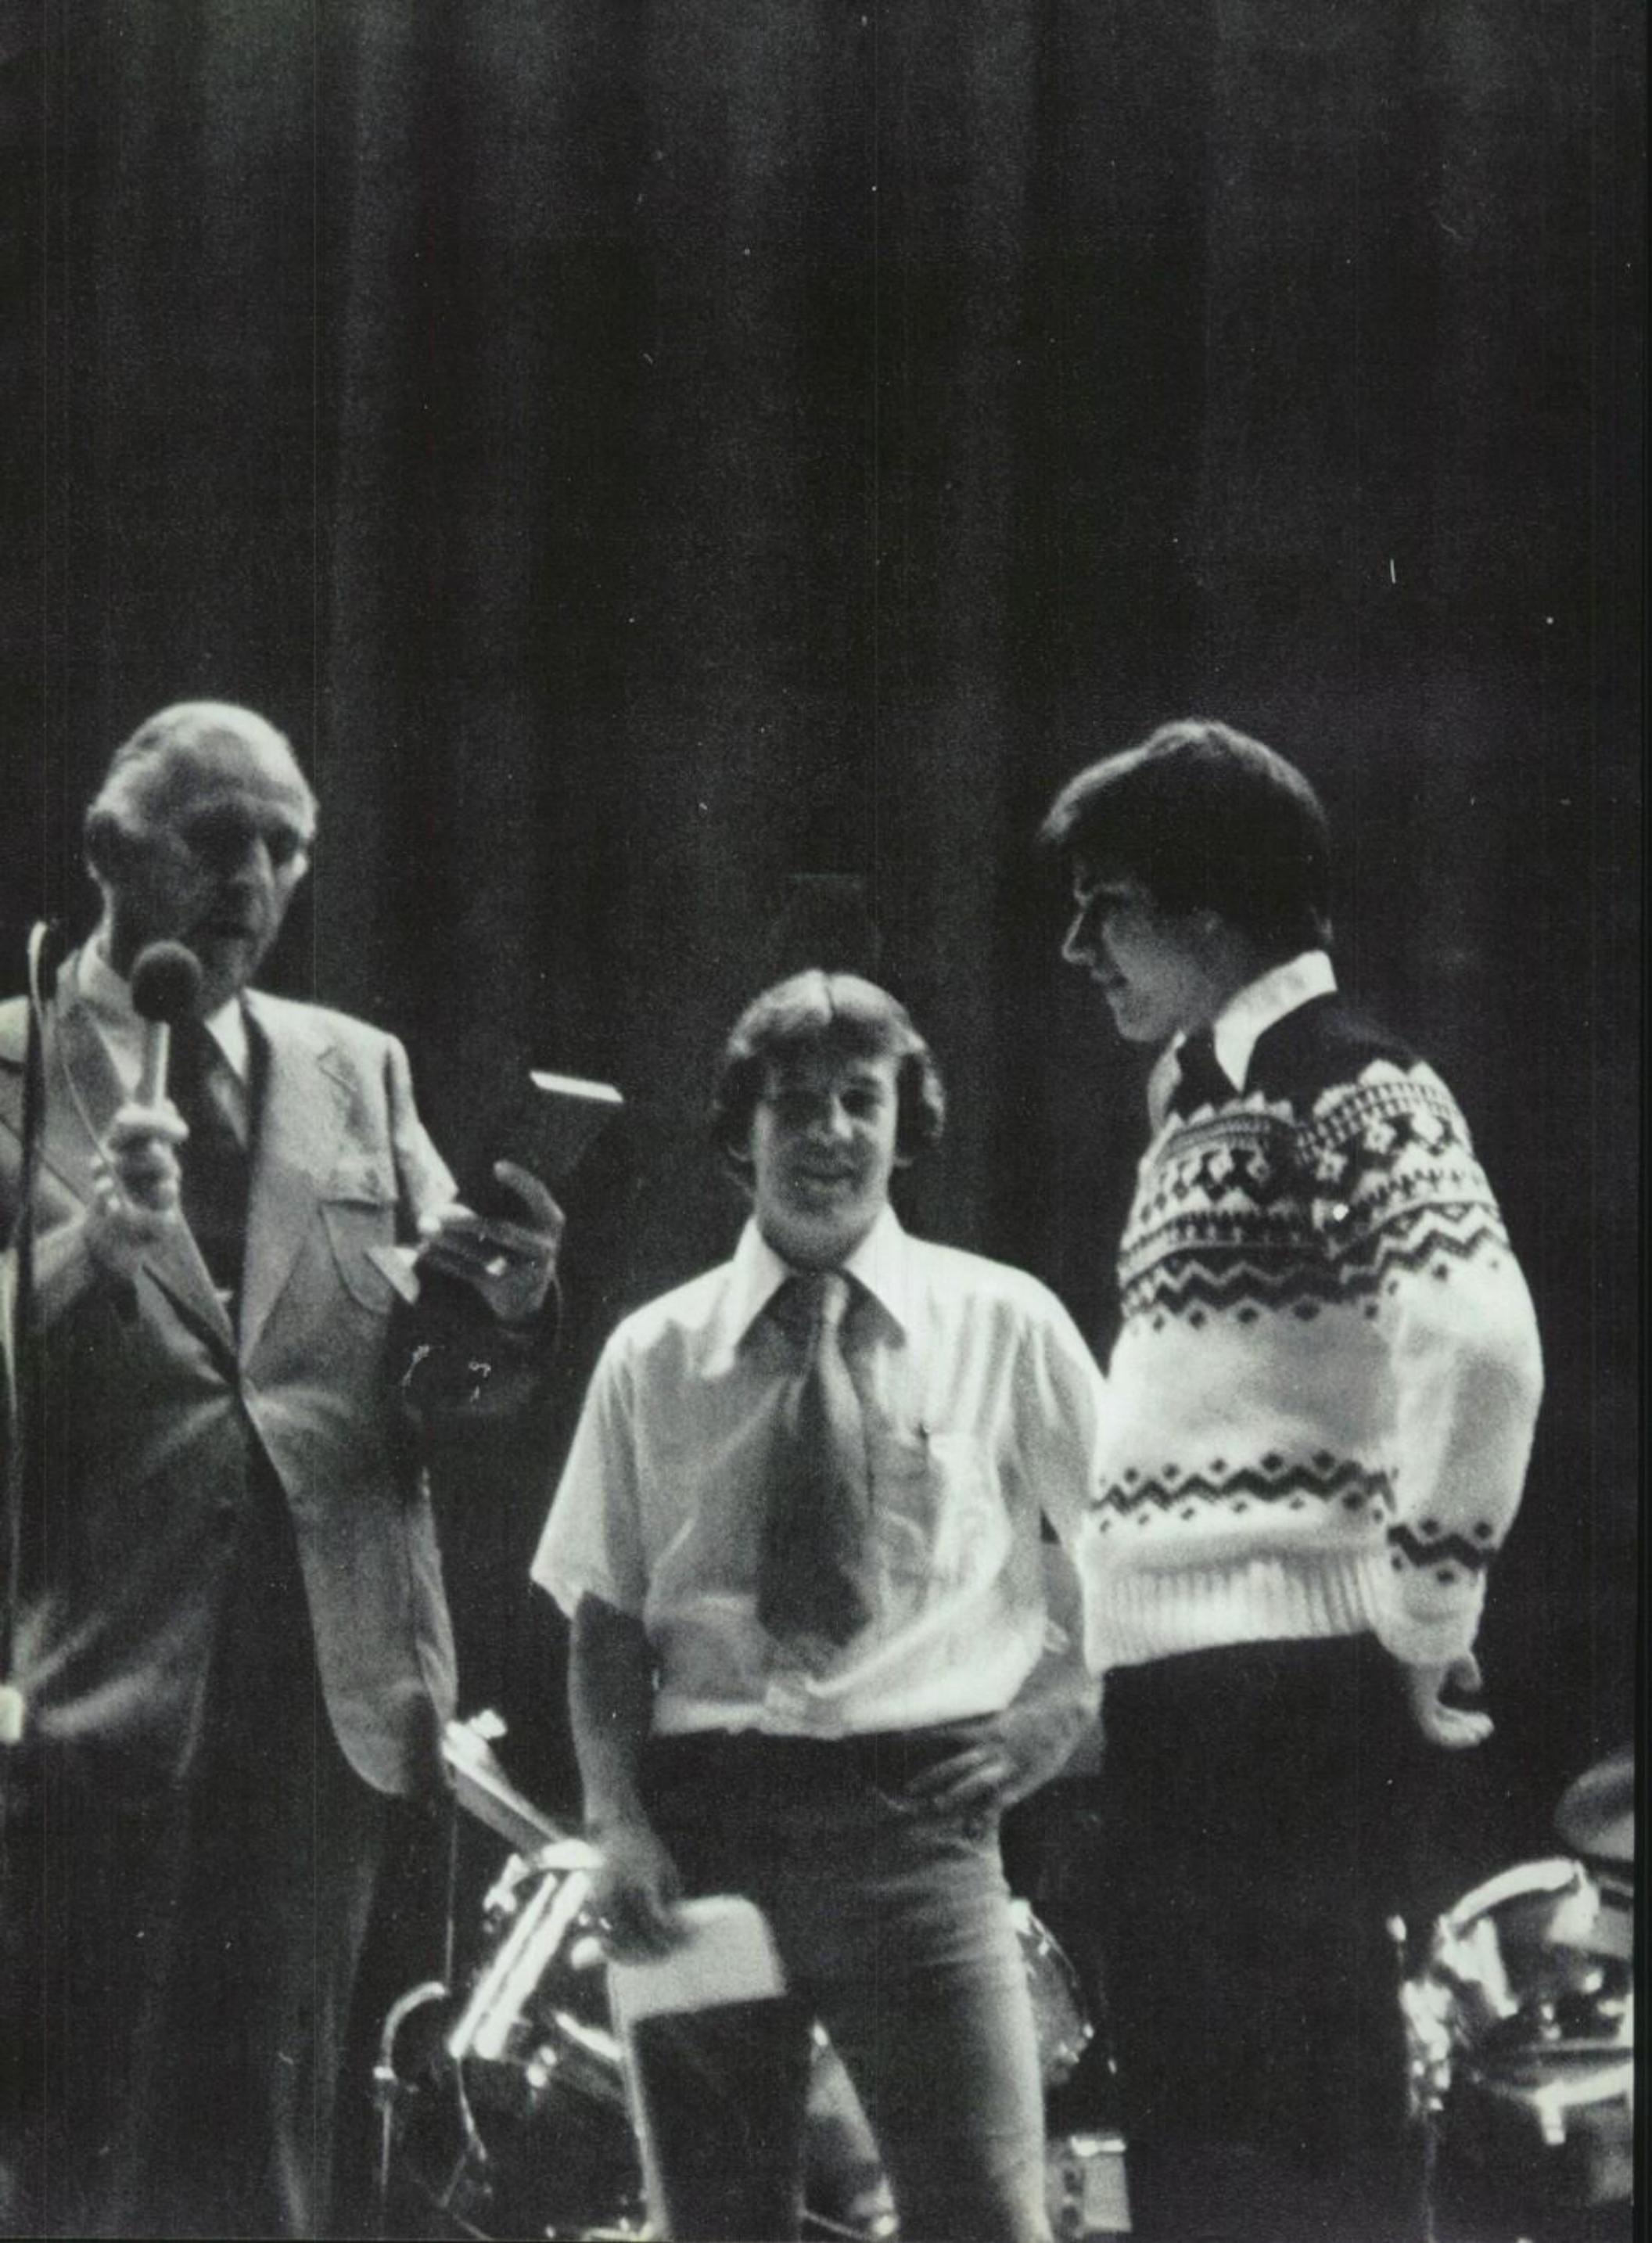

Misher Cherry has really excelled in her sport of basketball. She has been a member of the varsity girls' team for all three years and has gained all-conference honors in both her junior year — South Piedmont Conference — and her senior year — Division 7 of the new 4-A conference. Misher is a star of whom Brown High can be justly proud.

Waiting to give her Voice of America speech, having it judged, then finding out that she had won made an exciting evening for local and district winner Lori Boggs. Runners-up were Carie Nunn and Keith Boone.

Optimist Award

We recognize two of our outstanding seniors, Rhonda Huie, and Freddie Martin. This award was presented to them for their sterling character and outstanding contribution to A.L. Brown.

Presidential Classroom

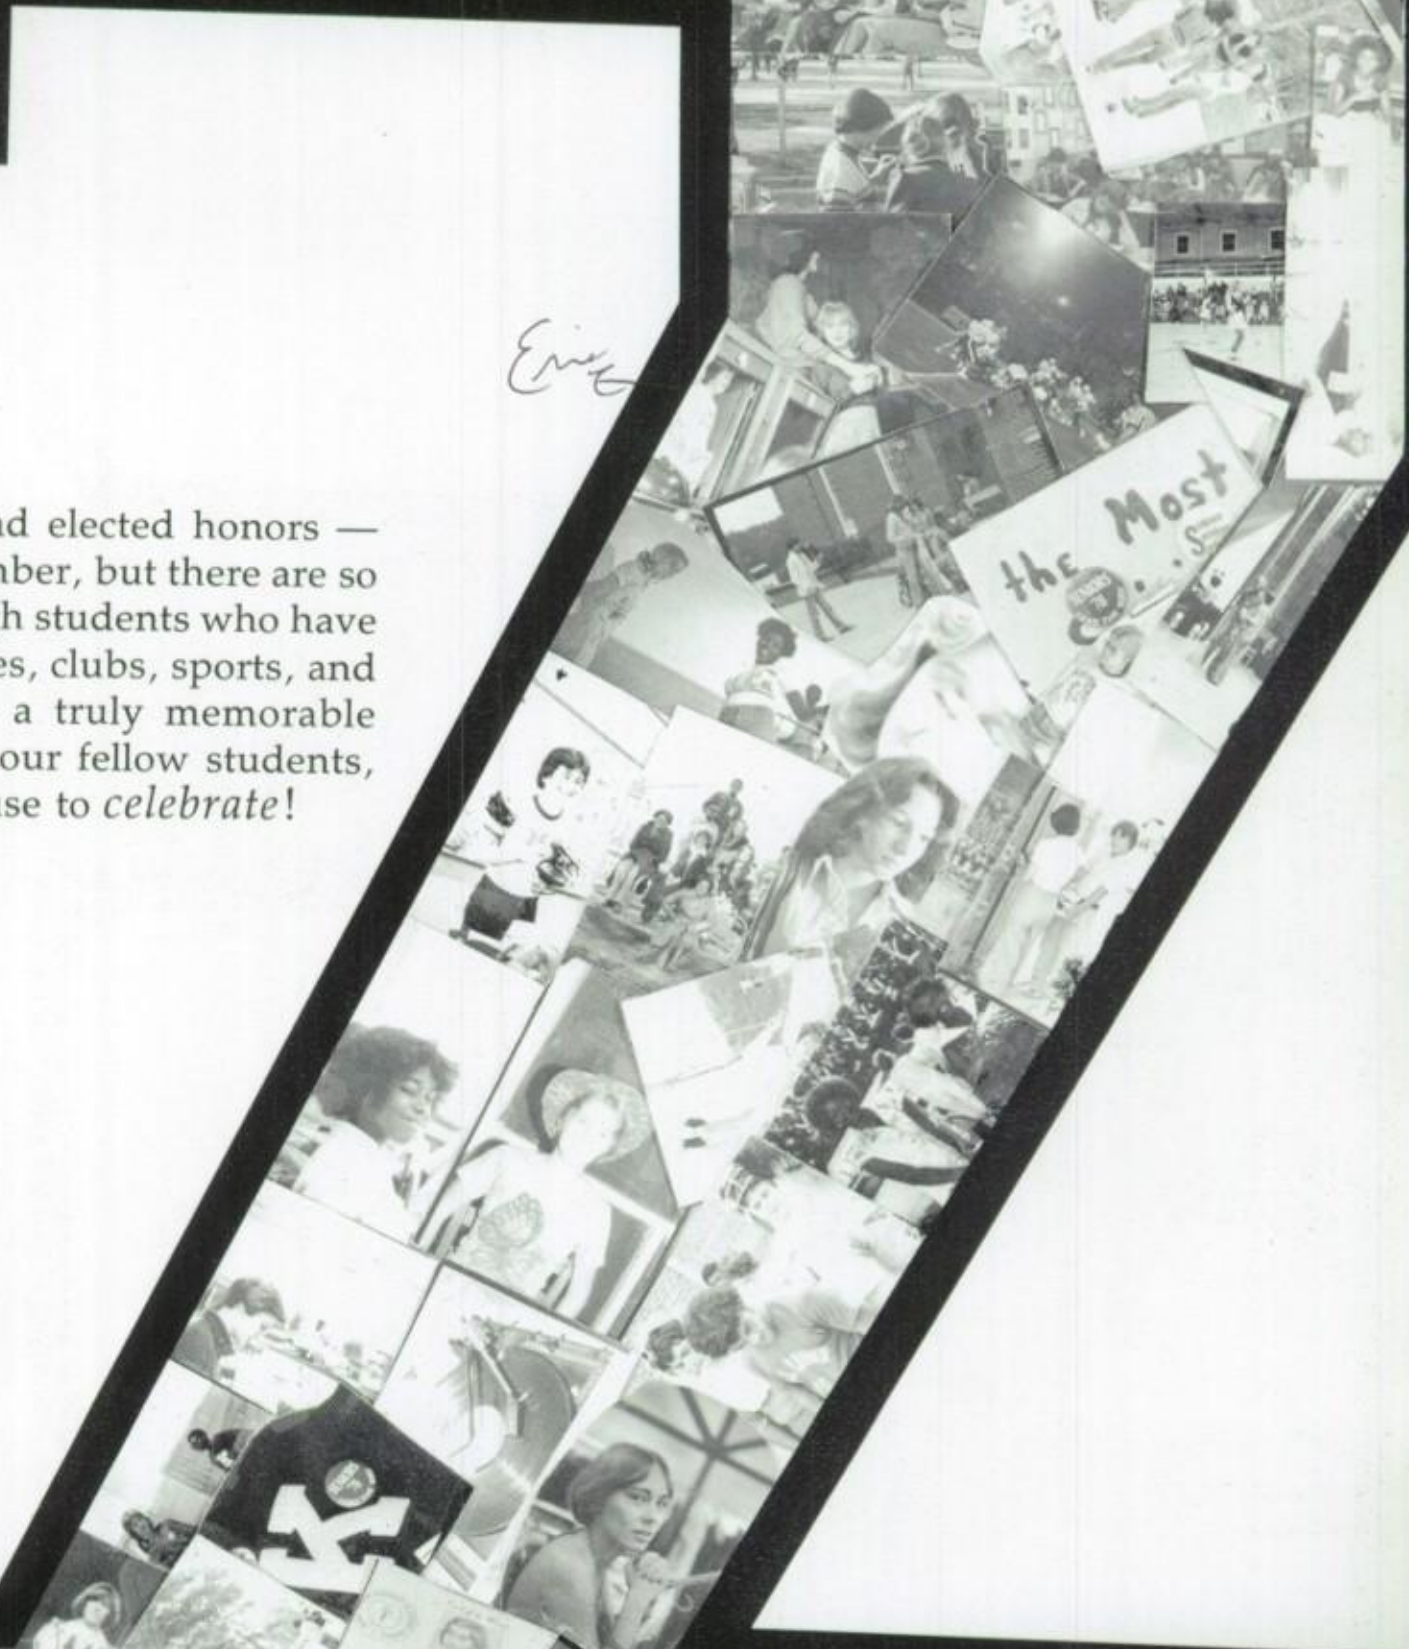

These four seniors who represented A.L. Brown in Washington attended valuable learning sessions and heard special speakers and lectures as Presidential Scholars.

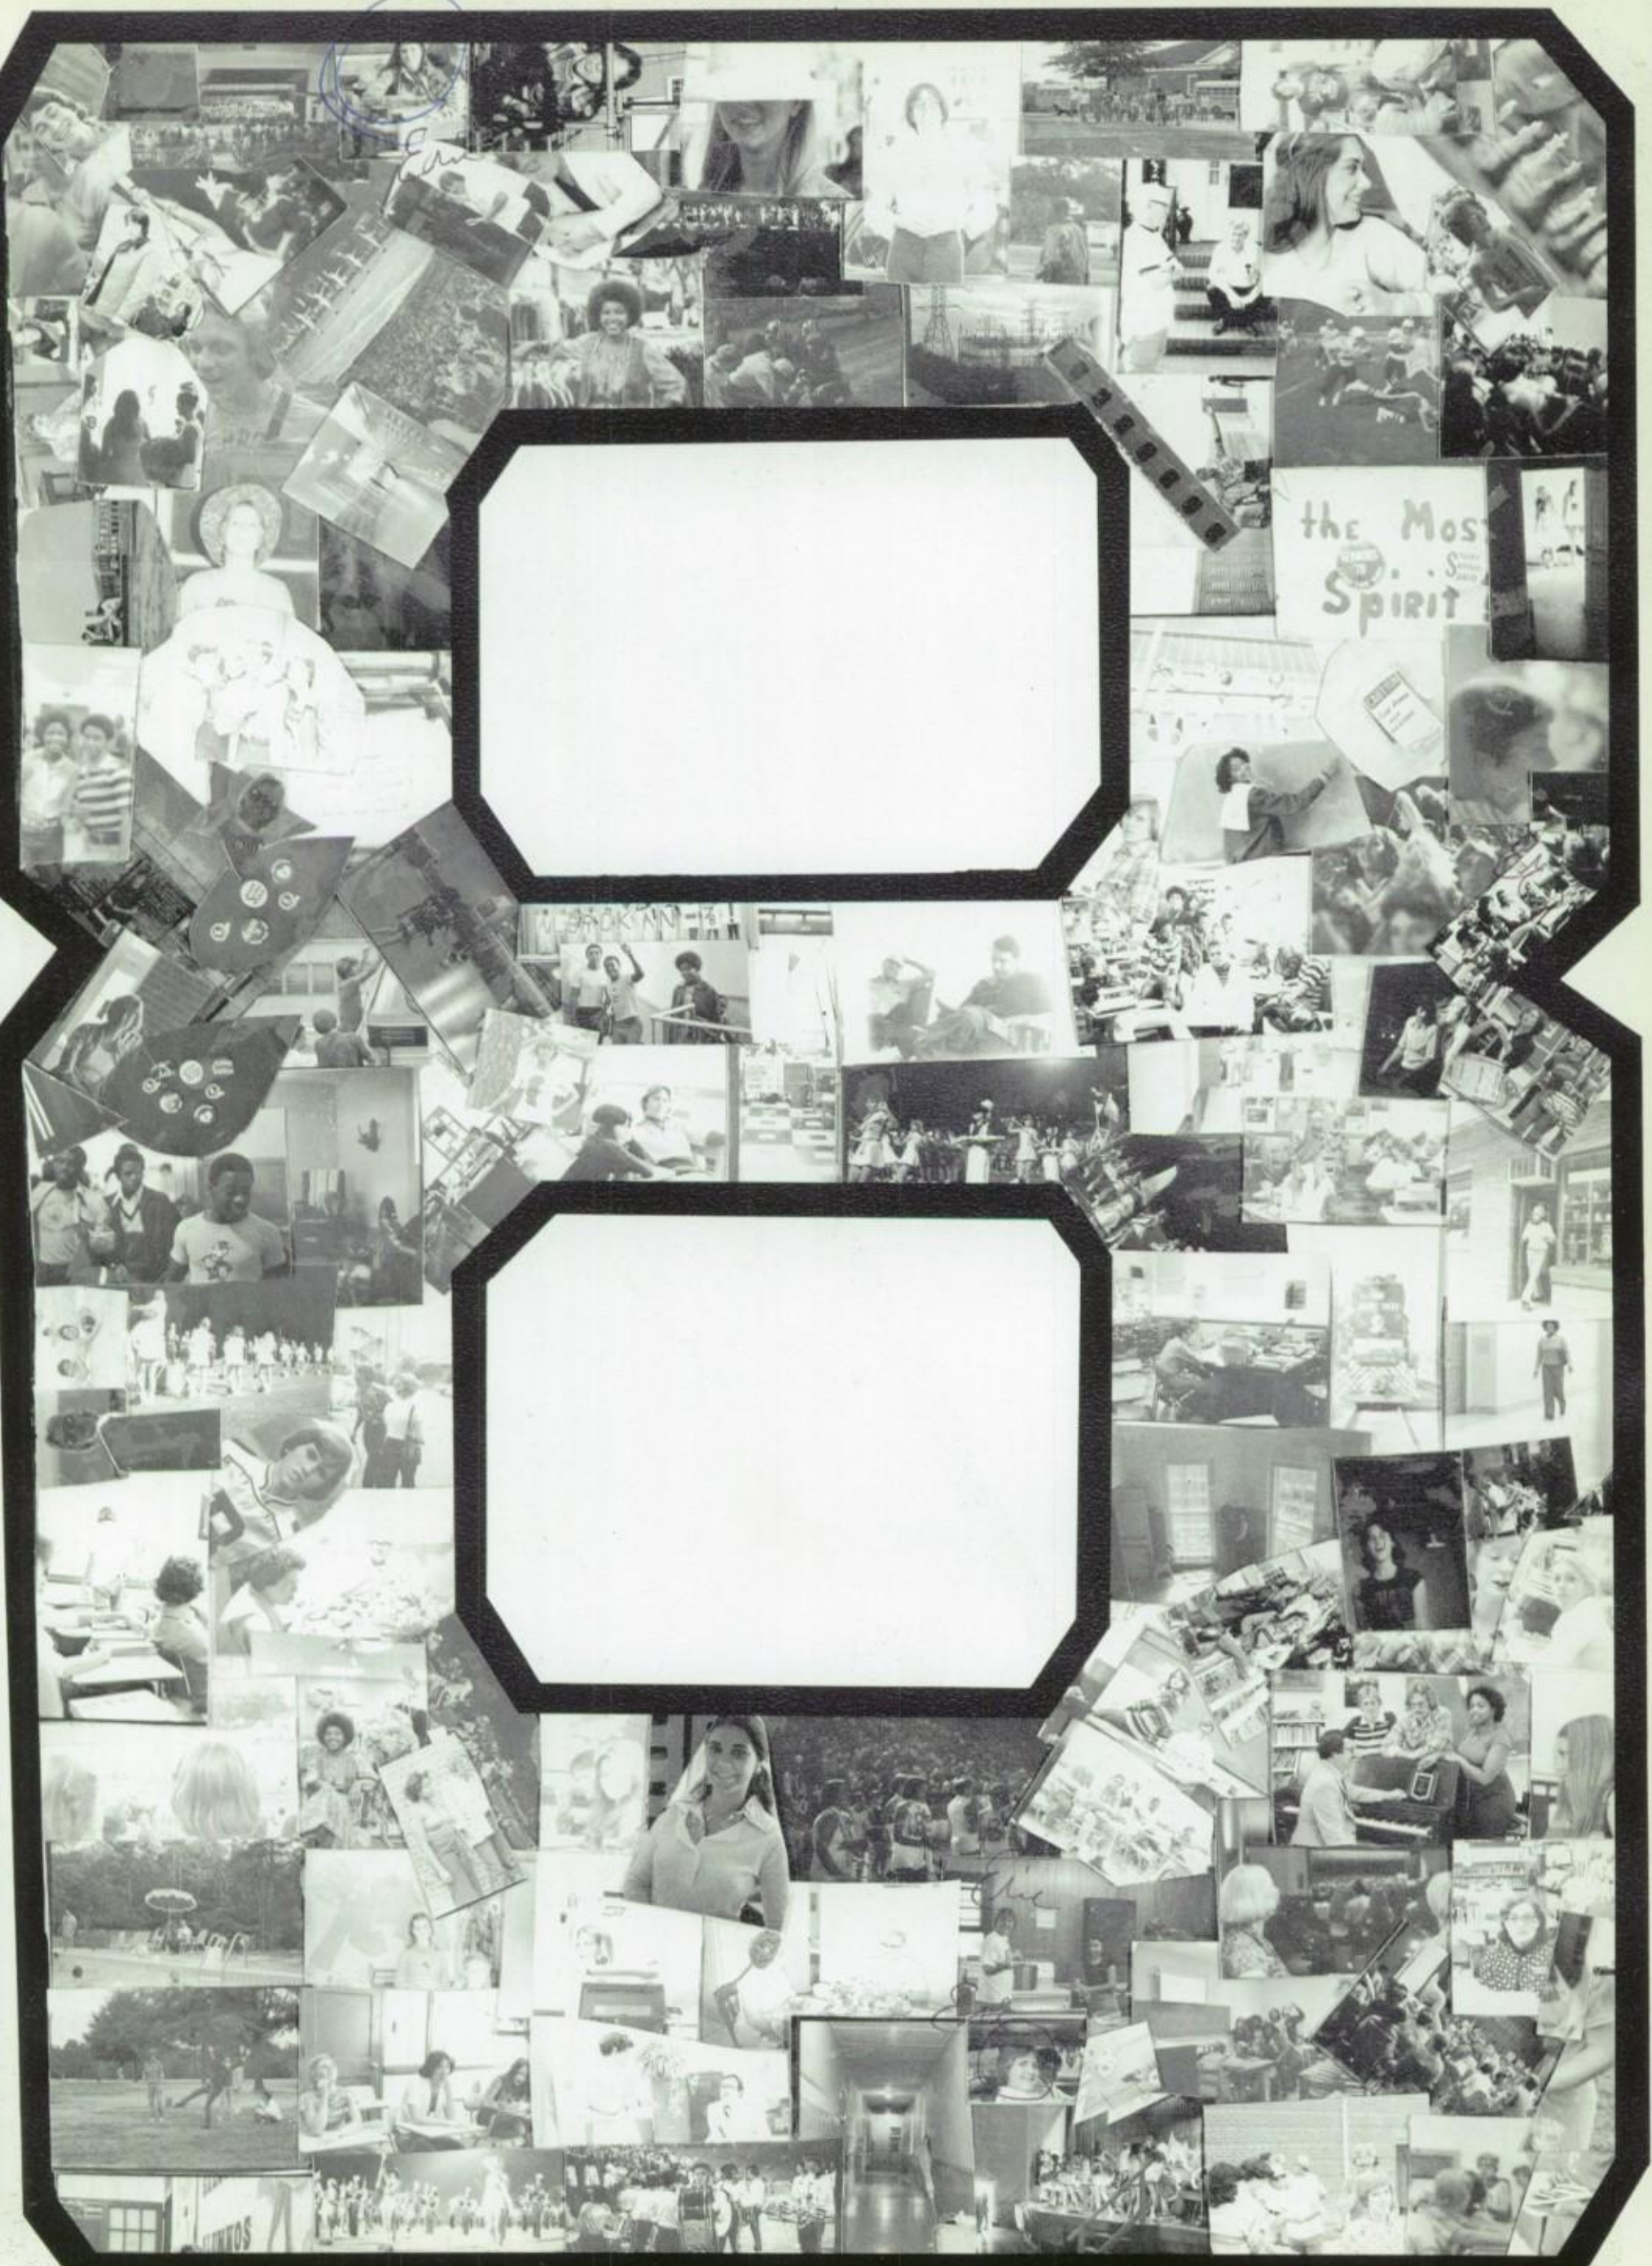

Chosen to attend were Mike Gibson, Keith Carnes, Rhonda Huie, and De-metta Witherspoon.

Trophies, certificates, and elected honors — there are only a certain number, but there are so many deserving Brown High students who have worked long hours in classes, clubs, sports, and committees, making 1978 a truly memorable year. Here we honor *you*, our fellow students, *you* who give us ample cause to *celebrate*!

PATRONS of ALBROKAN

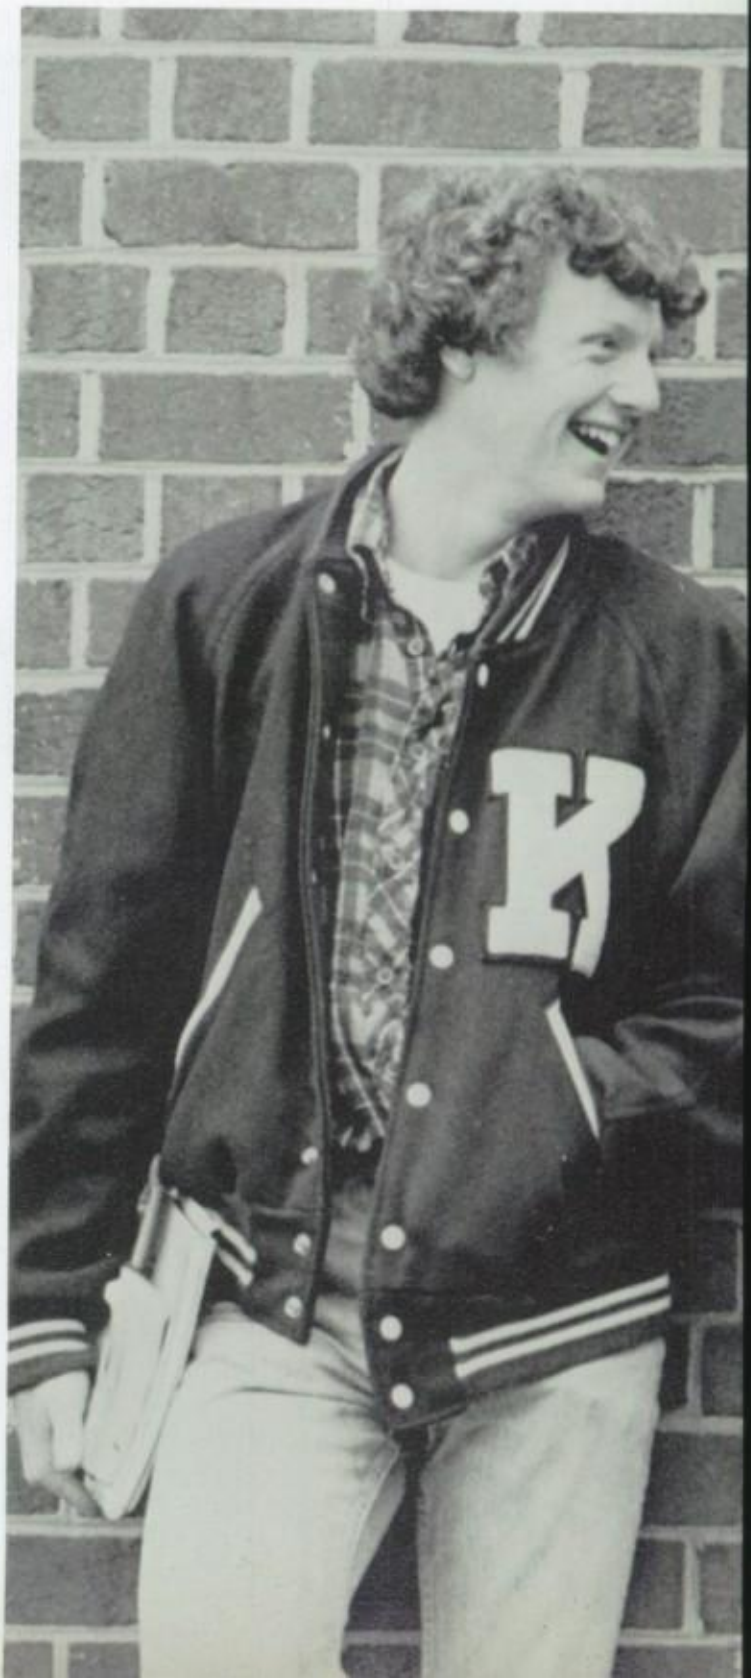

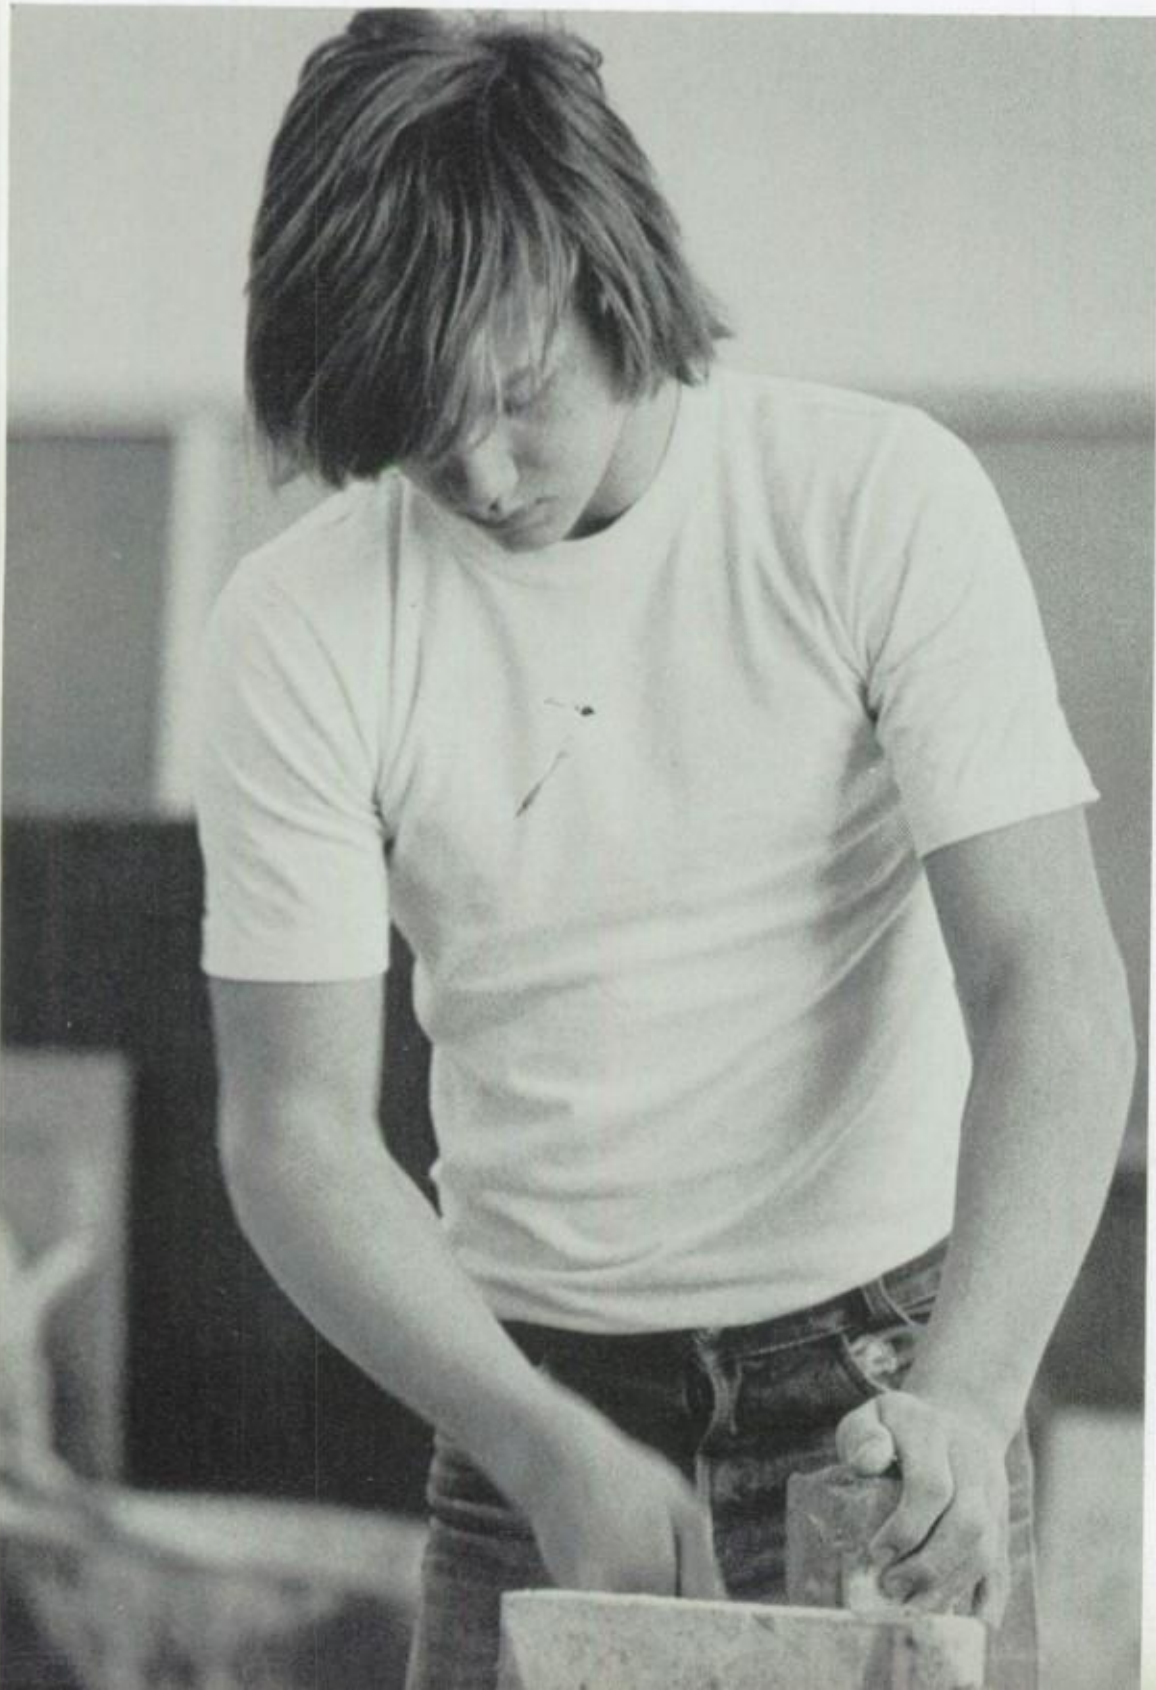

Co-Editor Doug Young talks with Mr. R.D. Boone, first contributor to the Patron's Page, about his memories of the laying of the cornerstone.

The year 1978 is a year of celebration for A.L. Brown High School, a year in which we look back to our beginnings. In 1951 the cornerstone was laid, but it was in 1953 that the first "real" graduation was held, after a full year's schedule at the high school. It is in this year, then, that we celebrate the 25th anniversary of A.L. Brown High. There are many with fond memories of their high school years. Some of these have given a donation for new photographic equipment, and we thank them on this

When you have
really been friends
around almost 20 years
to tell you my cousin I don't
know what I would have if you
didn't laugh at me
that. You I guess we've been
this year that I'll never forget. Mike
don't forget in the future I hope to see
you in Brunswick. Stay the same old Sweet Guy

Mike,
I don't know how
this blue ink can right
down my feelings for you.
If there will ever be a first
time in our lives, I hope we
use it just expressing our feelings
for each other. There has been
been a more beautiful moment
than this just telling you what a
wonderful and handsome man you
are. I know you have been told
that many times before but none
means as much as this one does.
You know it's not just the words you say
to a friend, it's the feelings you
put behind them. I love you and
believe me, there is a hell of a lot
of feelings behind that.

Together we relive our past

We of A.L. Brown during the twenty-five years of the school's existence have observed many changes in our business community.

Now in 1978 our friendly merchants continue to support our efforts in education. We appreciate them and hope to share in their Sell-abration!

Mike,

This year has really been great getting to know you. You are such a very nice person and I don't see why anyone wouldn't like you. I'll remember what a nice person you were to me and Virginia's you were always willing to talk, not like some other seniors. I'm sorry that the little person in our talks has treated you so bad lately. I don't know what happened. I'll always remember you and I'll write if you give me your

WHAT MADE 90 YEARS OF GROWTH POSSIBLE?

Founded in the grim, reconstruction days of 1887, why did Cannon Mills succeed when so many other of those early textile companies failed?

How did Cannon grow and expand for nine decades in one of the world's most fiercely competitive businesses — textile manufacturing and merchandising?

Why did it become a leader in the U.S. textile industry, spanning such a long reach of American history — World War I, the Roaring Twenties, the Great Depression, World War II, the Korean Conflict, the Vietnam War, and space exploration?

There are many answers to all these

questions but the most important is people. Cannon people. Men and women . . . young and old . . . different races and origins . . . generations of people working together with uncommon dedication, skill and loyalty.

Cannon people are the professionals with all the skills and talents necessary to operate a modern, growing textile company. They — and we — are proud to be a part of America's first great industry — textiles, as old as man and as new and exciting as tomorrow.

There are many career opportunities for ambitious young people looking for a challenge. Cannon Mills is, of course, an Equal Opportunity Employer.

Mike,

There's so much I want to write but I don't know how to say it in words - You + I have something special between us. You're one of a kind - There's no one like you - It's like we both know how the other feels. I've always loved you because you made me feel like a beautiful person. You were always giving me compliments and somehow trying to make me feel good whenever I was down or depressed. And whenever your cousin died I felt like a part of me died because I couldn't stand to see you sad. Mike, there's not enough words to express my feelings for you. You'll be one of the main persons I'll miss at Brown. I'm so afraid that we'll never see each other again. If we don't please remember me - I could never lose contact with you. I may never see you again in person but you'll remain in my heart forever. You'll always be like a brother to me.

I was really lucky to be able to do something with you in Senior Assembly - To me that was the most meaningful part of the program and Lynn couldn't have picked 2 better people to do it.

Mike, I wish you the best of luck at college next year. I know you'll be the "hit" of the school. Not just with girls but in sports - Show everyone at school what "SLICK" can do - Always hold your head high enough for everyone to know you around but not too high!

I haven't said everything I'd like to say or in the right way - But what I have written is true in every way - Please keep in touch if you can. Be good + good luck at school. I love you,

Pam

Michael,

I'll start this now, but you'll have to let me finish it later. We're definitely going to have to keep in touch this winter. I can't believe our high school days are over. We really had some great times in high school and we should keep them going through ~~high school~~ college. Don't you agree? You better come see me at State. This will have to be continued at a later date.

Mike, I didn't know how much you've changed. I didn't really know you till this year. I still can't believe you thought I was on a "natural high" all the time. I'm really glad I got to know you. Thanks for being a friend.

When I think of the people who take priority in importance to me, I think of you! I think of how much you've helped me mature as a person. I think of how you always managed to understand the dumb things I often did, when other people wouldn't take the time. I think of how you never pressured me into saying or doing anything against my will, but always accepted me for what I was. I think of how much love you've given me. I think of how many times you made me smile when I didn't have the strength to do it on my own. All these things have helped to make you one of the few very extra special people in my life. Please, don't ever change. I want you to show NCCU what class is all about! Teach the people you come in contact with just as you've taught me. Keep your head screwed on right. You mean the world to me. I love you. Who's to say how deep that love goes? I don't think boundaries can be put on that emotion. For you, I wish only happiness and success. I treasure our friendship. I don't ever want to lose that.

If at any time you need me, I'll only be a phone call away. Always remember "DESIDERATA". Try to live your life in accord. I love you.

Zell

Mike, I've only known you really good just this year
but it was long enough if you ask me. You with
long black hair and your smelly ass. I have
really enjoyed getting to know you better, even
though you got me drunk. I hope you find what
you are looking for in life. Although it may
seem that everything is going wrong, but it's
God's will. Stay cool and I will forever be your
friend. Love always,
Teresa (rasty)

Mike, though I haven't talked to you much this year I still
consider you as a dear friend. Now, could anybody in their
right mind not want you as a friend. Everybody wants a
crazy person in their lives and Mike you've got enough crazy
ness to take care of everybody in Concord and Haverhill. You are
really a together dude and you're going to stay that way.

Love ya

I couldn't find any place to write - everything's
reversed. I also don't know what to tell ya! I could
fill this whole book! you just don't know how much
you've meant to me this year. Sometimes I've really
wondered about myself - I mean thinking I shouldn't
like you so much but you're so much fun to be around!
you can always make me laugh - always! and I'm not
retarded! Mike, you have a lot going for ya so I don't have
to wish you any luck for next year. Please come and see
me sometimes and STOP instead of riding by. I'm really
going to miss you so much - you don't know how much!
Mike you're a great friend and I hope you'll always remember
me. Oh ya, Mike I hope
nothing I've ever said
to you has hurt you in anyway. You know I pick a lot!

Love ya!

It is sad to think that we will
be leaving each other soon after all
the years that we have had together. I hate
to think that we won't be together anymore
to share all of those good times together. I
will never forget some of the experiences that we
had and how we stuck together through thick & thin.
I love you and will never forget you.
